Snowflakes In The Breeze

Quick Reference Sheet

 Start with 3 Simple Snowflakes

Six Point Snowflake

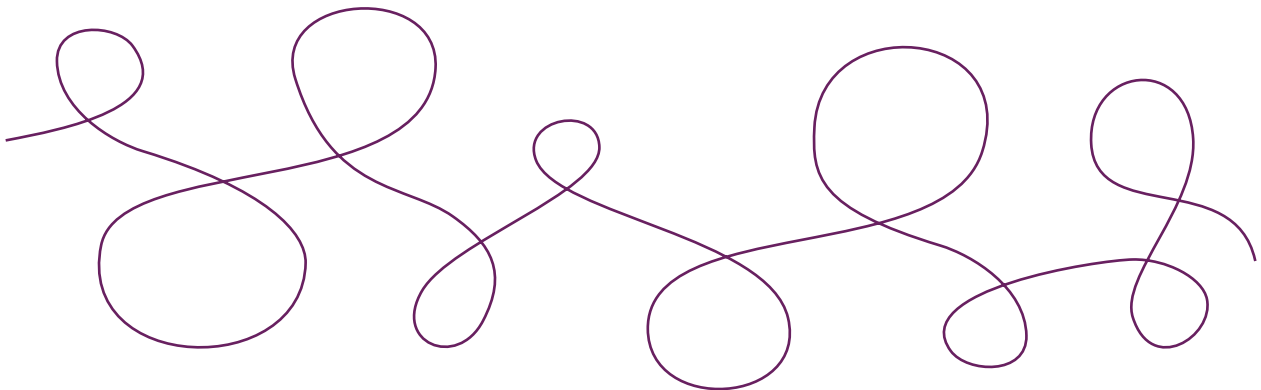

Eight Point Snowflake

Branching Snowflake

 Add a connecting path

I used loops but try swirls or hooks to create a wind effect.

 Vary the size of your loops and Snowflakes for a fun stitchout and organic feel

 Enjoy the process and make it your own, **no two snowstorms will ever be the same!**

CHALLENGE

 Try stitching out a practice sandwich without repeating the same snowflake twice
